Shortlisting

This means that while you may meet the eligibility requirements of the competition, if the numbers applying are such that it would not be practical to interview everyone, the EPA may decide to invite a smaller number to interview. The EPA will conduct a shortlisting process to select a group that based upon examination of the application forms, appear to be the most suitable for the role. This is not to suggest that other candidates are necessarily unsuitable, or incapable of undertaking the job, rather that there are some candidates who are, *prima facie*, better qualified and/or have more relevant experience.

An expert board will examine the application forms against pre-determined criteria based on the requirements of the position. It is therefore in your own interest to provide a detailed and accurate account of your qualifications/ experience in your application and to fully demonstrate your ability to carry out the role outlined.

A competency interview will be the final stage of the selection process. An Interview Board will be appointed by the EPA to conduct the interviews. Appointment from Panel

Through this competition, the EPA will establish a panel of the successful candidates in order of merit. The panel will expire after a set period from its establishment (usually twelve months), or when it has been exhausted, whichever is sooner. Qualification and placement on a panel is not a guarantee of appointment to a position. Candidates not placed at the expiry of the panel will have no claim to a position thereafter because of having been on the panel.

References

Prior to confirming an appointment, the EPA will make all such enquires deemed necessary, to determine the suitability of the candidate. The EPA will only contact the referees provided in your application should you come under consideration after the interview stage. Please note, should you be successful at final interview, we will require a reference from your current employer prior to confirming appointment. Successful candidates will be required to

Candidate review procedures in respect of the selection process

All requests for a review will be addressed using the informal process in the first instance. If, following the informal process, a candidate is subsequently not satisfied with the outcome, they can request a formal review process.

Informal Review

A request for an informal review at shortlisting stage in the process must be made within two days of notification of the decision, and will normally, take place between the candidate and a representative of the EPA who played a key role in the selection process or alternatively a member of Human Resources.

If the candidate is not satisfied with the outcome of the informal process the formal review process, set out below, may be invoked. The candidate must invoke the formal process within two working days of the notification of the outcome of the informal process.

Formal Review of the Selection Process

A request for a formal review must be submitted by email to epa@consciatalent.com.
